

رُزْقِي

نَزِّنِي بِاللُّغَةِ، لِنَزِّنِي بِالْعِلْمِ

RUQI Platform Documentation

First Title : Project Overview

نظرة عامة على مشروع رُقِيّ

مشروع رُقِيّ هو منصة تعليمية رقمية تهدف إلى تنظيم وتقديم العملية التعليمية للطلاب في بيئة واحدة، بحيث توفر المحتوى التعليمي وتقييم الطلاب ومتابعة تقدمهم وقياس مستوى أدائهم والمتابعة المستمرة لهم.

تعتمد المنصة على تقديم محتوى تعليمي منظم يمكن للطلاب الوصول إليه ودراسته، مع إمكانية متابعة ما تم إنجازه ومعرفة النتائج ومستوى التقدم خلال الرحلة التعليمية.

تشمل المنصة عدة أنواع من المستخدمين، أهمها الطلاب والمعلمون والإدارة، بحيث يكون لكل نوع دور محدد في العملية التعليمية وإدارتها ومتابعتها.

يتكون نطاق المنصة من ستة مجالات رئيسية هي:

- المصادقة والصلاحيات
- الملفات الشخصية والتقدم
- المحتوى التعليمي
- الدرجات ولوحة المتصدرين
- الاشتراكات
- المتابعة

ويهدف المشروع بشكل عام إلى توفير بيئة رقمية منظمة لإدارة الرحلة التعليمية للطلاب، بدايةً من الوصول إلى المحتوى ودراسته، مرورًا بالتقييم وقياس الأداء، ووصولًا إلى متابعة الطالب ودعمه خلال العملية التعليمية.

Second Title : Requirements

1. Requirements Introduction	• Purpose • Requirements Scope • Requirements Objectives
2. Stakeholders & User Roles	• Students • Teachers • Administrators
3. Functional Requirements	1. Authentication & Authorization 2. Profiles & Progress 3. Educational Content 4. Scores & Leaderboard 5. Subscriptions 6. Follow-up
4. Business Rules	• Rules governing Authentication & Authorization • Rules governing Profiles & Progress • Rules governing Educational Process • Rules governing Scores & Leaderboard • Rules governing Subscriptions • Rules governing Follow-up
5. System Scope	• In Scope • Out of Scope
6. Requirements Constraints & Assumptions	• Confirmed constraints • Confirmed assumptions • Dependencies

1. Requirements Introduction

● Purpose

The purpose of the requirements documentation is to define the functional and operational requirements of the RUQI platform in a clear and structured manner.

It establishes what the platform is expected to provide, identifies the users involved in the system, defines the rules and boundaries governing the platform, and provides a clear reference for the subsequent system design and development phases.

● Requirements Scope

The requirements scope covers the requirements of the RUQI platform across its primary functional areas: Authentication & Authorization, Profiles & Progress, Educational Content, Scores & Leaderboard, Subscriptions, and Follow-up.

It also covers the stakeholders and user roles, business rules, system scope, constraints, assumptions, and dependencies that affect the definition and operation of these requirements.

● Requirements Objectives

The objectives of the requirements documentation are to:

- Clearly define the expected functionality of the RUQI platform.
- Identify the roles and responsibilities of the platform users.
- Define the functional requirements associated with each primary functional area.
- Document the business rules that govern the platform.
- Establish the boundaries of the system by identifying what is within and outside the project scope.
- Identify confirmed constraints, assumptions, and dependencies that affect the requirements.
- Provide a consistent foundation for the system design and subsequent development phases.

2. Stakeholders & User Roles

Role Structure

RUQI contains three user roles across the entire platform:

- Student
- Teacher
- Administrator

Each user has exactly one role.

The roles are separated by responsibility:

- Student: Uses the educational services, follows the educational content, completes educational activities, monitors progress, and tracks scores and levels.
- Teacher: Creates and manages Educational Content and defines Exams and their assessment structure.
- Administrator: Manages Students, monitors their performance, manages Subscriptions, and handles Follow-up and Support.

The Teacher is a single platform-level user responsible for all Students, while the Administrator is responsible for managing all Students and their related administrative activities.

Students

The Student is the primary user of the RUQI platform.

A Student can create an account and access the educational services provided by the platform after account activation.

Each Student has one role only and is responsible for following the assigned educational content, completing lessons and assessments, monitoring progress, and tracking scores and level.

Profile & Account

The Student profile contains the following information:

- Profile Image (متغير - variable)
- Student ID (ثابت - constant)
- Email (ثابت - constant)
- Password (متغير - variable)
- Name (متغير - variable)
- Phone Number (متغير - variable)
- Address (متغير - variable)
- Educational Stage (متغير - variable)

Educational Content

The Student can:

- Browse the available Educational Stages.
- View the Months within each Educational Stage.
- Access activated Months.
- Access Lessons within activated Months.
- View Lessons.
- Read the explanation provided for each Lesson.
- Access and complete the Homework associated with each Lesson.
- Access and complete Exams within activated Months.

Within an activated Month, Lessons and Exams follow a defined sequence; The Student must complete the current Lesson or required educational item before the next item becomes available.

The Student can revisit previously completed Lessons and retake Exams.

Progress

The Student can monitor progress at the Month, Lesson, and Exam levels.

Month progress includes:

- Activated Months.
- Months not yet started.
- Months currently in progress.
- Completed Months.
- Completion percentage.

The same progress structure applies to Lessons and Exams within each Month.

Exams are considered part of the educational Lessons structure for progress tracking while maintaining their distinct assessment function.

Scores & Levels

The Student can view:

- Total Points.
- Total score for viewed Lessons.
- Total score for read Lessons.
- Total Homework score.
- Individual Homework scores.
- Total Exam score.
- Individual Exam scores.
- Current Level within the Educational Stage.
- Current Level across the platform.

The Student's Level is determined by the accumulated Points and is independent of the Student's Progress.

Leaderboard

The Student can view the platform Leaderboard.

The Leaderboard displays:

- The Top 10 Students within each Educational Stage.
- The Top 5 Students across the entire platform.

Each displayed Student includes:

- Profile Image.
- Name.
- Educational Stage.
- Total Points.

The Leaderboard is available to all platform users.

Subscriptions

The Student can:

- View the subscription status of each Month.
- Submit a request to renew or subscribe to a new Month.

Follow-up

The Student can use the Follow-up functionality to:

- Submit inquiries.
- Request assistance.
- Follow up on request status.
- Contact Support.

Teacher

The Teacher is responsible for creating and managing the educational content of the RUQI platform.

There is one Teacher at the platform level, and this Teacher is associated with all Students.

Educational Stage Management

- Create Educational Stages.
- Edit Educational Stages.
- Delete Educational Stages.

Month Management

- Create Months.
- Edit Months.
- Delete Months.

Lesson Management

- Create Lessons.
- Edit Lessons.
- Delete Lessons.
- Control the order of Lessons.
- Publish Lessons.
- Hide Lessons.

Exam Management

- Create Exams.
- Edit Exams.
- Delete Exams.
- Define Exam Questions.
- Define Answer Choices.
- Define the Correct Answer.
- Control the order of Exams.

Exam results are automatically evaluated by the system after the Student submits an Exam.

Leaderboard

The Teacher can view the platform Leaderboard.

The Teacher does not manage Student profiles, Student progress, Student subscriptions, or Student follow-up activities.

Administrator

The Administrator is responsible for managing Students, monitoring their educational performance, managing subscriptions, and handling Follow-up and Support activities.

The Administrator has the highest level of administrative responsibility within the platform but does not manage Teachers or Educational Content.

Student Management

The Administrator can:

- Create Students.
- View Students.
- Edit Students.
- Delete or deactivate Students.
- View the complete Student profile.
- Modify Student profile information.
- Monitor Student performance.
- View Student progress.
- View Student scores.
- View Student level.
- View Student educational activity.

The Administrator can access the list of all Students associated with the platform.

The Administrator does not manually assign or change the Student's Level.

The Level is determined automatically according to the Student's accumulated Points.

Educational Content

Educational Content management is the responsibility of the Teacher.

The Administrator does not create, edit, delete, order, publish, or hide Educational Content.

Subscription Management

The Administrator is responsible for managing Student Subscriptions.

The Administrator can:

- Create Subscriptions.
- Activate Subscriptions.
- Cancel Subscriptions.
- Renew Subscriptions.
- Confirm Payments.

After payment confirmation, the Subscription status is updated automatically by the system according to the applicable Subscription rules.

Follow-up & Support

The Administrator is responsible for Follow-up and Support activities.

The Administrator can:

- View all Follow-up and Support requests.
- Respond to requests.
- Manage requests.
- Monitor request status.

Students communicate directly with the Administrator for Follow-up and Support.

Leaderboard

The Administrator can view the platform Leaderboard.

3. Functional Requirements

● Authentication & Authorization

Registration

- **FR-AUTH-001:** The system shall allow Students to register their own accounts.
- **FR-AUTH-002:** The system shall require the Student to provide a Name, Email, Password, Phone Number, Address, and Educational Stage during registration.
- **FR-AUTH-003:** The system shall ensure that each registered Email is unique.
- **FR-AUTH-004:** The system shall not require the Phone Number to be unique.
- **FR-AUTH-005:** Newly registered Student accounts shall initially have a Pending status.
- **FR-AUTH-006:** The system shall require newly registered Students to verify their Email before activating their accounts.
- **FR-AUTH-007:** The system shall prevent a Student from accessing the platform before account activation.

Account Verification

- **FR-AUTH-008:** The system shall send an OTP to the Student's Email after registration.
- **FR-AUTH-009:** The system shall allow the Student to request a new OTP after the applicable OTP cooldown period.
- **FR-AUTH-010:** The system shall enforce an expiration period for each OTP.
- **FR-AUTH-011:** The system shall not impose a specific maximum number of OTP verification attempts.
- **FR-AUTH-012:** The system shall require the Student to request a new OTP when the current OTP expires.
- **FR-AUTH-013:** Successful Email verification shall activate the Student account.

Login

- **FR-AUTH-014:** The system shall provide a common login mechanism for Students, Teachers, and Administrators.
- **FR-AUTH-015:** The system shall authenticate users using Email and Password.
- **FR-AUTH-016:** The system shall allow only activated accounts to log in.
- **FR-AUTH-017:** The system shall not apply an account restriction based on a defined number of failed login attempts.

Password Management

- **FR-AUTH-018:** The system shall allow authenticated users to change their Password.
- **FR-AUTH-019:** The system shall provide a Password Reset mechanism for users who have forgotten their Password.
- **FR-AUTH-020:** The system shall require the user's current Password to verify identity when changing the Password while authenticated.
- **FR-AUTH-021:** The system shall use Email OTP to verify the user's identity when resetting a forgotten Password.
- **FR-AUTH-022:** The system shall enforce a Password Policy.
- **FR-AUTH-023:** The specific Password Policy requirements shall be defined during the system Design phase.

Logout & Sessions

- **FR-AUTH-024:** The system shall allow all authenticated users to log out.
- **FR-AUTH-025:** The system shall allow a user to maintain active sessions on multiple devices.
- **FR-AUTH-026:** The system shall enforce session expiration.
- **FR-AUTH-027:** The specific session and token expiration periods shall be defined during the system Design phase.
- **FR-AUTH-028:** The system shall not provide a Remember Me functionality.

Authentication Tokens

- **FR-AUTH-029:** The system shall use JWT-based authentication.
- **FR-AUTH-030:** The authentication mechanism shall use Access Tokens and Refresh Tokens.
- **FR-AUTH-031:** Token lifetime, storage, rotation, and related security mechanisms shall be defined during the system Design phase.

Authorization

- **FR-AUTH-032:** The system shall enforce Role-Based Authorization.
- **FR-AUTH-033:** The system shall assign exactly one Role to each user account.
- **FR-AUTH-034:** The supported Roles shall be Student, Teacher, and Administrator.
- **FR-AUTH-035:** Each Role shall have a predefined set of Permissions.
- **FR-AUTH-036:** All users assigned to the same Role shall have the same Permissions.
- **FR-AUTH-037:** The system shall prevent Students from accessing Teacher or Administrator functionality.
- **FR-AUTH-038:** The system shall prevent Teachers from accessing Administrator functionality.
- **FR-AUTH-039:** The system shall prevent Administrators from accessing Teacher functionality.
- **FR-AUTH-040:** The system shall not expose unauthorized functionality to users outside their assigned Role.

Account Status

- **FR-AUTH-041:** The system shall support Pending and Active account statuses.
- **FR-AUTH-042:** Newly registered Student accounts shall have a Pending status until Email verification is completed.
- **FR-AUTH-043:** The system shall allow an Administrator to deactivate or reactivate Student accounts.
- **FR-AUTH-044:** The system shall prevent users with inactive accounts from accessing the platform.
- **FR-AUTH-045:** The system shall not allow a user to access the platform until the account is Active.

Role Assignment

- **FR-AUTH-046:** The Teacher and Administrator accounts shall be predefined platform accounts.
- **FR-AUTH-047:** Credentials and role information for the predefined Teacher and Administrator accounts shall be configured as part of the platform configuration.
- **FR-AUTH-048:** Newly registered accounts shall be assigned the Student Role.
- **FR-AUTH-049:** Students shall not be allowed to select or assign a Role during registration.
- **FR-AUTH-050:** The Role assigned to a user account shall not be changed after account creation.

- **Profiles & Progress**

Profiles***Student Profile***

- **FR-PROFILE-001:** The system shall provide each Student with a Profile containing a Profile Image, Student ID, Email, Password, Name, Phone Number, Address, and Educational Stage.
- **FR-PROFILE-002:** The system shall generate a unique Student ID automatically when a Student account is created.
- **FR-PROFILE-003:** The system shall allow the Student to update the Profile Image, Password, Name, Phone Number, Address, and Educational Stage.
- **FR-PROFILE-004:** The system shall not allow the Student to modify the Student ID or Email.
- **FR-PROFILE-005:** The system shall allow the Student to leave the Profile Image empty.
- **FR-PROFILE-006:** The system shall allow the Student to view their own Profile.
- **FR-PROFILE-007:** The system shall allow the Administrator to view the complete Profile of any Student.
- **FR-PROFILE-008:** The system shall allow the Administrator to modify all Student Profile data.
- **FR-PROFILE-009:** The system shall not allow Students to view the Profiles of other Students.
- **FR-PROFILE-010:** The system shall not allow Students to view Teacher or Administrator Profiles.

Teacher Profile

- **FR-PROFILE-011:** The Teacher account shall contain an Email and Password.
- **FR-PROFILE-012:** The Teacher's Email and Password shall be managed according to the Authentication & Authorization requirements.
- **FR-PROFILE-013:** The Teacher shall not be allowed to modify the Teacher account Profile data.

Administrator Profile

- **FR-PROFILE-014:** The Administrator account shall contain an Email and Password.
- **FR-PROFILE-015:** The Administrator's Email and Password shall be managed according to the Authentication & Authorization requirements.
- **FR-PROFILE-016:** The Administrator shall not be allowed to modify the Administrator account Profile data.

Educational Stage Change

- **FR-PROFILE-017:** The system shall allow the Student to request a change of Educational Stage.
- **FR-PROFILE-018:** The system shall require the Student to confirm the Educational Stage change before applying it.
- **FR-PROFILE-019:** After a confirmed Educational Stage change, the system shall remove the Student's existing Points and Progress.
- **FR-PROFILE-020:** After a confirmed Educational Stage change, the system shall remove the Student's activated Months.
- **FR-PROFILE-021:** After a confirmed Educational Stage change, the Student shall continue with a new educational state associated with the newly selected Educational Stage.

Progress

Progress Structure

- **FR-PROG-001:** The system shall maintain Progress for each Student.
- **FR-PROG-002:** The Progress structure shall follow the hierarchy:
Educational Stage → Month → Lesson / Exam → Homework.
- **FR-PROG-003:** Each Student shall have independent Progress for each Month.
- **FR-PROG-004:** The system shall maintain Progress for Lessons.
- **FR-PROG-005:** The system shall maintain Progress for Exams.
- **FR-PROG-006:** The system shall maintain independent Progress for Homework associated with Lessons.

Month Progress

- **FR-PROG-007:** The system shall support the following Month Progress states:
 - Not Started
 - In Progress
 - Completed
- **FR-PROG-008:** The system shall mark a Month as In Progress when the Student completes any required activity within the first Lesson of that Month.
- **FR-PROG-009:** The system shall mark a Month as Completed when the Student completes all Lessons and Exams within the Month.
- **FR-PROG-010:** The system shall calculate the Month Completion Percentage automatically.

Lesson Progress

- **FR-PROG-011:** The system shall maintain Progress for each Lesson.
- **FR-PROG-012:** A regular Lesson shall be considered Completed only when the Student has:
 - Viewed the Lesson.
 - Read the Lesson explanation.
 - Completed the associated Homework.
- **FR-PROG-013:** The system shall maintain separate Progress for Lesson viewing and Lesson reading.
- **FR-PROG-014:** The system shall maintain Homework Progress with the following states:
 - Not Started.
 - Completed.

Exam Progress

- **FR-PROG-015:** The system shall treat Exams as a type of Lesson within the Progress structure.
- **FR-PROG-016:** An Exam shall be considered Completed when the Student completes the Exam.
- **FR-PROG-017:** Exam Progress shall not require the viewing, reading, or Homework completion requirements applied to regular Lessons.

Progress Access & Sequence

- **FR-PROG-018:** The system shall prevent the Student from accessing the next required educational item until the current required item is completed.
- **FR-PROG-019:** The system shall allow the Student to access previously completed educational items.
- **FR-PROG-020:** The system shall preserve completed Progress when the Student revisits previously completed educational content.
- **FR-PROG-021:** The system shall automatically maintain the Student's Progress based on completed educational activities.

Progress Persistence & Recalculation

- **FR-PROG-022:** The system shall preserve existing completed Lessons, Exams, and Homework Progress when new educational content is added.
- **FR-PROG-023:** The system shall automatically recalculate Progress percentages when new educational content is added.
- **FR-PROG-024:** The system shall apply the same Progress recalculation behavior when Lessons or Exams are added to an existing Month.
- **FR-PROG-025:** The system shall preserve the completion state of existing educational items when new items are added.
- **FR-PROG-026:** The system shall preserve Student Progress data when a Subscription is deactivated.
- **FR-PROG-027:** Reactivating a previously deactivated Subscription shall restore access to the preserved Progress data.

Progress Visibility

- **FR-PROG-028:** The system shall allow the Student to view their Progress data.
- **FR-PROG-029:** The system shall allow the Administrator to view the Student's Progress.
- **FR-PROG-030:** The system shall allow the Teacher to view Student achievement information available through the Leaderboard only and shall not provide direct access to Student Progress.

Subscription & Progress

- **FR-PROG-031:** A Student's Progress shall remain associated with the corresponding Month regardless of the Subscription status of that Month.
- **FR-PROG-032:** The system shall not automatically remove or reset Progress when a Month's Subscription is deactivated.
- **FR-PROG-033:** The system shall prevent access to a Month when the Student does not have an active Subscription for that Month.

- **Educational Content**

Educational Stage Management

- **FR-EDU-001:** The system shall allow the Teacher to create Educational Stages.
- **FR-EDU-002:** The system shall allow the Teacher to delete Educational Stages.
- **FR-EDU-003:** Each Educational Stage shall contain an Image and Name.
- **FR-EDU-004:** The system shall allow Students to browse the available Educational Stages.
- **FR-EDU-005:** The system shall not provide Educational Stage activation or visibility controls as part of Educational Stage management.

Month Management

- **FR-EDU-006:** The system shall allow the Teacher to create Months.
- **FR-EDU-007:** The system shall allow the Teacher to edit Months.
- **FR-EDU-008:** The system shall allow the Teacher to delete Months.
- **FR-EDU-009:** The system shall allow the Teacher to reorder Months within an Educational Stage.
- **FR-EDU-010:** Each Month shall belong to one Educational Stage.
- **FR-EDU-011:** Each Month shall contain an Image, Name, and Description.
- **FR-EDU-012:** The system shall allow Students to browse the Months within an Educational Stage.
- **FR-EDU-013:** A Month shall become accessible to a Student only when the Administrator activates that Month for the Student.
- **FR-EDU-014:** The Administrator shall be responsible for activating and deactivating Months for individual Students.
- **FR-EDU-015:** Deactivating a Month for a Student shall preserve the Student's existing Progress within that Month.
- **FR-EDU-016:** The system shall prevent a Student from accessing a Month that is not activated for that Student.

Lesson Management

- **FR-EDU-017:** The system shall allow the Teacher to create Lessons.
- **FR-EDU-018:** The system shall allow the Teacher to edit Lessons.
- **FR-EDU-019:** The system shall allow the Teacher to delete Lessons.
- **FR-EDU-020:** The system shall allow the Teacher to reorder Lessons within a Month.
- **FR-EDU-021:** Each Lesson shall belong to one Month.
- **FR-EDU-022:** A regular Lesson shall contain an Image, Name, Description, one explanatory Video, Written Explanation, Homework, and Lesson Order.
- **FR-EDU-023:** The Video shall be mandatory for a regular Lesson.
- **FR-EDU-024:** The Written Explanation shall be mandatory for a regular Lesson.
- **FR-EDU-025:** The system shall allow the Student to view the Lesson Video.
- **FR-EDU-026:** The system shall allow the Student to read the Lesson Written Explanation.
- **FR-EDU-027:** The system shall allow the Student to revisit and view previously accessed Lessons.
- **FR-EDU-028:** The system shall not provide a separate visibility or activation status for Lessons.
- **FR-EDU-029:** Deleting a Lesson shall remove the Progress, Points, Scores, and other data associated with that Lesson for the affected Students.

Homework Management

- **FR-EDU-030:** Each regular Lesson shall contain one Homework.
- **FR-EDU-031:** Homework shall be mandatory for completing a regular Lesson.
- **FR-EDU-032:** Homework shall use Multiple Choice questions.
- **FR-EDU-033:** The system shall allow the Teacher to create, edit, and delete Homework.
- **FR-EDU-034:** Homework shall have an associated Score.
- **FR-EDU-035:** The system shall allow the Student to access and complete the Homework associated with a Lesson.

Exam Management

- **FR-EDU-036:** The system shall allow the Teacher to create Exams.
- **FR-EDU-037:** The system shall allow the Teacher to edit Exams.
- **FR-EDU-038:** The system shall allow the Teacher to delete Exams.
- **FR-EDU-039:** The system shall allow the Teacher to reorder Exams within a Month.
- **FR-EDU-040:** An Exam shall belong to one Month.
- **FR-EDU-041:** An Exam shall contain an Image, Name, Description, Questions, Answer Choices, Correct Answers, and Exam Order.
- **FR-EDU-042:** The system shall allow the Teacher to define the number of Answer Choices for each Exam Question.
- **FR-EDU-043:** The system shall allow each Exam Question to have one or more correct Answers.
- **FR-EDU-044:** Each correct Answer shall have a value of one Point.
- **FR-EDU-045:** The system shall automatically evaluate Exam submissions.
- **FR-EDU-046:** The system shall require a minimum score of 50% for an Exam to be considered passed.
- **FR-EDU-047:** The system shall allow Students to retake Exams.
- **FR-EDU-048:** When an Exam is retaken, the system shall use the Student's highest achieved Score for that Exam.
- **FR-EDU-049:** Deleting an Exam shall remove the Progress, Points, Scores, and other data associated with that Exam for the affected Students.
- **FR-EDU-050:** The system shall preserve previous Exam results when an Exam is edited.
- **FR-EDU-051:** The system shall allow Students to access and complete Exams within activated Months.

Content Ordering & Sequential Access

- **FR-EDU-052:** The system shall allow the Teacher to control the order of Months within each Educational Stage.
- **FR-EDU-053:** The system shall allow the Teacher to control the order of Lessons and Exams within each Month.
- **FR-EDU-054:** Lessons and Exams shall share the same sequential order within a Month.
- **FR-EDU-055:** The system shall use the defined content order to control the Student's sequential access to Lessons and Exams.
- **FR-EDU-056:** The system shall prevent the Student from accessing the next required Lesson or Exam until the current required educational item has been completed.
- **FR-EDU-057:** The system shall allow the Student to access previously completed Lessons and Exams.

Educational Content Access

- **FR-EDU-058:** The system shall allow Students to browse Educational Stages regardless of their Month activation status.
- **FR-EDU-059:** The system shall allow Students to browse the Months within Educational Stages regardless of their Month activation status.
- **FR-EDU-060:** The system shall restrict access to the educational activities within a Month until that Month is activated for the Student.
- **FR-EDU-061:** The Administrator shall control Month activation and deactivation for individual Students.
- **FR-EDU-062:** The Teacher shall be solely responsible for Educational Content management.
- **FR-EDU-063:** The Administrator shall not have access to Educational Content management functionality.

- **Scores & Leaderboard**

Score Calculation

- **FR-SCORE-001:** The system shall calculate Student Points based on the completion of educational activities.
- **FR-SCORE-002:** The system shall award 10 Points when a Student views a Lesson Video.
- **FR-SCORE-003:** The system shall award 10 Points when a Student reads the Written Explanation of a Lesson.
- **FR-SCORE-004:** The system shall award one Point for each correct answer in Homework.
- **FR-SCORE-005:** The system shall award one Point for each correct answer in Exams.
- **FR-SCORE-006:** The system shall award Points for viewing a Lesson Video only once for each Lesson.
- **FR-SCORE-007:** The system shall award Points for reading a Lesson Written Explanation only once for each Lesson.
- **FR-SCORE-008:** The system shall allow Students to attempt Homework more than once.
- **FR-SCORE-009:** The system shall use the highest Score achieved by the Student across Homework attempts.
- **FR-SCORE-010:** The system shall allow Students to retake Exams.
- **FR-SCORE-011:** The system shall use the highest Score achieved by the Student across Exam attempts.
- **FR-SCORE-012:** The Student's Total Points shall equal the sum of the Points obtained from Lesson Videos, Written Explanations, Homework, and Exams.
- **FR-SCORE-013:** The system shall award the applicable Points when the Student completes the required activity.
- **FR-SCORE-014:** The system shall remove the Points associated with a Lesson when that Lesson is deleted.
- **FR-SCORE-015:** The system shall remove the Points associated with an Exam when that Exam is deleted.
- **FR-SCORE-016:** The system shall allow Students to obtain Points from newly added educational content by completing the applicable activities.

Score Visibility

- **FR-SCORE-017:** The system shall allow the Student to view their own Scores.
- **FR-SCORE-018:** The system shall allow the Administrator to view Student Scores.
- **FR-SCORE-019:** The Teacher shall not have direct access to Student Scores.
- **FR-SCORE-020:** The Student shall be able to view the following Score information:
 - Total Points.
 - Total Video Points.
 - Total Written Explanation Points.
 - Total Homework Score.
 - Individual Homework Scores.
 - Total Exam Score.
 - Individual Exam Scores.

Level Calculation

- **FR-SCORE-021:** The system shall determine the Student's Level automatically based on the Student's Points.
- **FR-SCORE-022:** The system shall determine the Student's Level based on the Points of Students within the applicable scope.
- **FR-SCORE-023:** Students with the same number of Points shall have the same Level.
- **FR-SCORE-024:** The system shall automatically update the Student's Level when the Student's Points change.
- **FR-SCORE-025:** The system shall calculate the Student's Level within the Educational Stage.
- **FR-SCORE-026:** The system shall calculate the Student's Level across the entire platform.
- **FR-SCORE-027:** The Teacher and Administrator shall not be able to manually assign or modify a Student's Level.
- **FR-SCORE-028:** The Level determination mechanism shall be based on Student Points and shall be defined according to the platform's Level rules.

Score Reset

- **FR-SCORE-029:** When a Student changes their Educational Stage, the system shall remove the Student's existing Points.
- **FR-SCORE-030:** Following an Educational Stage change, the system shall reset the Student's Level according to the new Point total.
- **FR-SCORE-031:** Following an Educational Stage change, the Student shall no longer retain their previous ranking based on the removed Points.

Leaderboard

Leaderboard Structure

- **FR-LEADER-001:** The system shall provide a Leaderboard based on Student Total Points.
- **FR-LEADER-002:** The Leaderboard shall display the Top 10 Students within each Educational Stage.
- **FR-LEADER-003:** The Leaderboard shall display the Top 5 Students across the entire platform.
- **FR-LEADER-004:** The Educational Stage Leaderboard shall rank Students only against other Students within the same Educational Stage.
- **FR-LEADER-005:** The Platform Leaderboard shall rank Students against all Students across the platform.
- **FR-LEADER-006:** Only Students shall be included in Leaderboard rankings.
- **FR-LEADER-007:** Students, Teachers, and Administrators shall be able to view the Leaderboard.
- **FR-LEADER-008:** The Leaderboard shall display the Student's Rank, Profile Image, Name, Educational Stage, and Total Points.
- **FR-LEADER-009:** The system shall rank Students according to their Total Points.
- **FR-LEADER-010:** Students with the same Total Points shall have the same Level.
- **FR-LEADER-011:** The system shall not apply an additional tie-breaking rule between Students with the same Total Points.
- **FR-LEADER-012:** The Leaderboard shall display the current rankings only.
- **FR-LEADER-013:** The system shall update Leaderboard rankings automatically when Student Points change.
- **FR-LEADER-014:** A Student who is not within the Top 10 of their Educational Stage shall be able to view their position at the bottom of their Educational Stage Leaderboard.
- **FR-LEADER-015:** When a Student's Points are reset following an Educational Stage change, the system shall update the Student's Leaderboard position accordingly.

- **Subscriptions**

Subscription Structure

- **FR-SUB-001:** The system shall associate each Subscription with one Month.
- **FR-SUB-002:** A Student shall be able to have Subscriptions for multiple Months.
- **FR-SUB-003:** A Student shall be able to request a Subscription for any Month available for Subscription.
- **FR-SUB-004:** Each Subscription shall be associated with the Student's Educational Stage.
- **FR-SUB-005:** Each Month shall contain an Image, Name, Description, and Price.

Subscription Request

- **FR-SUB-006:** The system shall allow Students to submit a Subscription Request for a Month.
- **FR-SUB-007:** The Subscription Request process shall allow the Student to select the requested Month and provide the required Subscription information.
- **FR-SUB-008:** A Subscription Request shall contain the Student Name, Student ID, Payment Receipt, and Requested Month.
- **FR-SUB-009:** The Student shall submit the Payment Receipt through WhatsApp.
- **FR-SUB-010:** The system shall support Vodafone Cash and InstaPay as the currently defined Payment Methods.
- **FR-SUB-011:** The system shall display the Price of the requested Month before the Student submits the Subscription Request.
- **FR-SUB-012:** The system shall allow a Student to submit a new Subscription Request when applicable.
- **FR-SUB-013:** The system shall prevent duplicate active Subscriptions for the same Student and Month.
- **FR-SUB-014:** The Subscription process shall follow the sequence: Subscription Section → Subscription Form → Request Submission → Administrator Response → Month Activation.

Subscription Status

- **FR-SUB-015:** The system shall support two Subscription statuses:
 - Active
 - Inactive
- **FR-SUB-016:** A Subscription shall remain Active until the Administrator deactivates it.
- **FR-SUB-017:** The system shall not automatically expire an Active Subscription based on time.
- **FR-SUB-018:** An Inactive Subscription shall prevent the Student from accessing the associated Month.
- **FR-SUB-019:** Deactivating a Subscription shall not delete the Student's Progress, Scores, or Points associated with the Month.
- **FR-SUB-020:** The system shall allow an Administrator to reactivate an Inactive Subscription.
- **FR-SUB-021:** Reactivating a Subscription shall restore the Student's access to the associated Month.
- **FR-SUB-022:** Reactivating a Subscription shall preserve and restore access to the Student's existing Progress, Scores, and Points.

Administrator Subscription Management

- **FR-SUB-023:** The system shall allow the Administrator to create Subscriptions for Students.
- **FR-SUB-024:** The system shall allow the Administrator to activate Subscriptions.
- **FR-SUB-025:** The system shall allow the Administrator to deactivate Subscriptions.
- **FR-SUB-026:** The system shall allow the Administrator to modify existing Subscription data.
- **FR-SUB-027:** The system shall allow the Administrator to confirm Payment.
- **FR-SUB-028:** The system shall allow the Administrator to reject Subscription Requests.
- **FR-SUB-029:** The Administrator shall be able to activate a Month for a Student through the associated Subscription.
- **FR-SUB-030:** The system shall allow the Administrator to create and activate a Subscription without a Student Subscription Request when required.
- **FR-SUB-031:** Payment confirmation by the Administrator shall result in the applicable Subscription being activated according to the system rules.
- **FR-SUB-032:** Activation of a Subscription shall make the associated Month accessible to the Student.

Student Subscription Access

- **FR-SUB-033:** The system shall allow the Student to view the Subscription status of each Month.
- **FR-SUB-034:** The system shall allow the Student to view the current Subscription status without providing access to historical Subscription records.
- **FR-SUB-035:** The system shall allow the Student to access a Month only when its associated Subscription is Active.
- **FR-SUB-036:** The system shall allow the Student to view the basic information of a Month without having an Active Subscription for that Month.
- **FR-SUB-037:** The system shall restrict access to the educational content and activities within a Month when its Subscription is Inactive.

Subscription & Progress

- **FR-SUB-038:** Deactivating a Subscription shall not delete the Student's Progress within the associated Month.
- **FR-SUB-039:** Deactivating a Subscription shall not delete the Student's Scores within the associated Month.
- **FR-SUB-040:** Deactivating a Subscription shall not delete the Student's Points obtained from the associated Month.
- **FR-SUB-041:** Deactivating a Subscription shall not change the Student's Level.
- **FR-SUB-042:** Reactivating a Subscription shall restore access to the preserved Progress, Scores, and Points of the associated Month.

Subscription Access Model

- **FR-SUB-043:** An Active Subscription shall grant the Student access to the associated Month.
- **FR-SUB-044:** An Inactive Subscription shall deny the Student access to the associated Month.
- **FR-SUB-045:** Subscription access shall not expire automatically.
- **FR-SUB-046:** The system shall not provide a separate Renewal operation for Subscriptions.
- **FR-SUB-047:** An Active Subscription shall remain active indefinitely unless the Administrator deactivates it.

- **Follow-up**

Follow-up Requests

- **FR-FOLLOW-001:** The system shall provide a Follow-up Request functionality for Students.
- **FR-FOLLOW-002:** Each Follow-up Request shall be associated with one Student.
- **FR-FOLLOW-003:** The system shall allow Students to create Follow-up Requests.
- **FR-FOLLOW-004:** Each Follow-up Request shall contain a Request ID, Student ID, Title, Body, Status, Created At, and Updated At.
- **FR-FOLLOW-005:** The system shall generate a unique Request ID automatically for each Follow-up Request.
- **FR-FOLLOW-006:** The system shall require the Student to provide a Title and Body when creating a Follow-up Request.
- **FR-FOLLOW-007:** The system shall not provide file or image attachments for Follow-up Requests.
- **FR-FOLLOW-008:** The system shall not categorize Follow-up Requests into different request types.
- **FR-FOLLOW-009:** Subscription-related inquiries and support requests shall be handled through the Follow-up functionality.
- **FR-FOLLOW-010:** Follow-up and Support shall represent the same functionality within the platform.

Request Status

- **FR-FOLLOW-011:** The system shall support the following Follow-up Request statuses:
 - Pending
 - In Progress
 - Under Review
 - Resolved
- **FR-FOLLOW-012:** The Administrator shall be responsible for changing the status of Follow-up Requests.
- **FR-FOLLOW-013:** Students shall not be allowed to change the status of their Follow-up Requests.
- **FR-FOLLOW-014:** The system shall allow Students to view the current status of their Follow-up Requests.

Student Follow-up

- **FR-FOLLOW-015:** The system shall allow Students to view their Follow-up Requests.
- **FR-FOLLOW-016:** The system shall allow Students to create multiple Follow-up Requests.
- **FR-FOLLOW-017:** The system shall allow Students to delete their own Follow-up Requests.
- **FR-FOLLOW-018:** The system shall allow Students to follow the status of their Requests through the platform.
- **FR-FOLLOW-019:** Further communication regarding a Follow-up Request shall be conducted through WhatsApp.
- **FR-FOLLOW-020:** The system shall provide the applicable WhatsApp contact mechanism for Follow-up communication.

Administrator Follow-up Management

- **FR-FOLLOW-021:** The system shall allow the Administrator to view all Follow-up Requests.
- **FR-FOLLOW-022:** The system shall allow the Administrator to open and review Follow-up Requests.
- **FR-FOLLOW-023:** The system shall allow the Administrator to respond to Follow-up Requests through WhatsApp.
- **FR-FOLLOW-024:** The system shall allow the Administrator to change the status of Follow-up Requests.
- **FR-FOLLOW-025:** The system shall allow the Administrator to delete Follow-up Requests.
- **FR-FOLLOW-026:** The system shall allow the Administrator to manage all Follow-up Requests submitted by Students.
- **FR-FOLLOW-027:** Follow-up Requests shall be displayed to the Administrator in chronological order from oldest to newest based on their creation date and time.

Follow-up Communication

- **FR-FOLLOW-028:** A Follow-up Request shall consist of the Request submitted through the platform followed by communication through WhatsApp.
- **FR-FOLLOW-029:** The platform shall not provide an internal multi-message conversation system for Follow-up Requests.
- **FR-FOLLOW-030:** The platform shall not provide multiple Administrator replies within the Follow-up Request itself.
- **FR-FOLLOW-031:** The Follow-up Request shall retain its stored data and status after communication is conducted through WhatsApp.
- **FR-FOLLOW-032:** The system shall preserve historical Follow-up Requests after they are resolved.
- **FR-FOLLOW-033:** The system shall allow the Administrator to delete Follow-up Requests.

Follow-up Scope

- **FR-FOLLOW-034:** Follow-up and Support management shall be the responsibility of the Administrator.
- **FR-FOLLOW-035:** The Teacher shall not have access to Follow-up or Support management.
- **FR-FOLLOW-036:** The system shall not provide separate Support functionality outside the Follow-up functionality.

4. Business Rules

Rules Governing Authentication & Authorization

- **BR-AUTH-001:** Each user account shall have exactly one Role.
- **BR-AUTH-002:** The supported platform Roles shall be Student, Teacher, and Administrator.
- **BR-AUTH-003:** New accounts created through the registration process shall always be assigned the Student Role.
- **BR-AUTH-004:** Students shall not be allowed to select or assign a Role during registration.
- **BR-AUTH-005:** The Teacher and Administrator accounts shall be predefined platform accounts.
- **BR-AUTH-006:** A newly registered Student account shall remain Pending until Email verification is successfully completed.
- **BR-AUTH-007:** A user shall not be allowed to access the platform unless the account status is Active.
- **BR-AUTH-008:** Successful Email verification shall change the Student account status from Pending to Active.
- **BR-AUTH-009:** Each registered Email shall belong to one user account only.
- **BR-AUTH-010:** Phone Number uniqueness shall not be required.
- **BR-AUTH-011:** Each Role shall have a predefined set of Permissions.
- **BR-AUTH-012:** Users assigned to the same Role shall have the same Permissions.
- **BR-AUTH-013:** A Student shall not have access to Teacher or Administrator functionality.
- **BR-AUTH-014:** A Teacher shall not have access to Administrator functionality.
- **BR-AUTH-015:** An Administrator shall not have access to Teacher functionality.
- **BR-AUTH-016:** A user's Role shall remain unchanged after account creation.
- **BR-AUTH-017:** A Student account shall remain inaccessible while its status is Pending.
- **BR-AUTH-018:** A deactivated Student account shall not be allowed to access the platform.
- **BR-AUTH-019:** An Administrator shall be responsible for deactivating and reactivating Student accounts.
- **BR-AUTH-020:** OTP verification shall be subject to the applicable OTP expiration and resend cooldown rules.

- **BR-AUTH-021:** A new OTP shall only be requested after the applicable resend cooldown period.
- **BR-AUTH-022:** A new OTP shall be required when the previous OTP expires.
- **BR-AUTH-023:** An authenticated user changing their Password shall verify their identity using their current Password.
- **BR-AUTH-024:** A user resetting a forgotten Password shall verify their identity through Email OTP.
- **BR-AUTH-025:** Authentication shall be based on Email and Password.
- **BR-AUTH-026:** Only Active accounts shall be authenticated successfully.
- **BR-AUTH-027:** Authentication shall use JWT-based Access and Refresh Tokens.
- **BR-AUTH-028:** Authentication and authorization rules shall apply consistently to all platform users according to their assigned Role.

Rules Governing Profiles & Progress

- **BR-PROG-001:** Each Student shall have one Profile associated with one Educational Stage.
- **BR-PROG-002:** Student ID and Email shall remain unchanged throughout the lifetime of the Student account.
- **BR-PROG-003:** Changing the Student's Educational Stage shall require explicit confirmation from the Student.
- **BR-PROG-004:** A confirmed Educational Stage change shall reset the Student's educational state for the new Educational Stage.
- **BR-PROG-005:** Changing the Educational Stage shall remove the Student's accumulated Points and Progress from the previous Educational Stage.
- **BR-PROG-006:** Changing the Educational Stage shall deactivate all previously activated Months for the Student.
- **BR-PROG-007:** The Student's Progress shall be calculated automatically from the educational activities completed by the Student.
- **BR-PROG-008:** A Month shall be considered In Progress once the Student completes any required activity within its first Lesson.
- **BR-PROG-009:** A Month shall be considered Completed only when all Lessons and Exams within that Month have been completed.

- **BR-PROG-010:** A regular Lesson shall be considered Completed only after the Student has viewed its Video, read its Written Explanation, and completed its Homework.
- **BR-PROG-011:** An Exam shall be considered Completed when the Student completes the Exam.
- **BR-PROG-012:** Exams shall follow the Progress structure of Lessons while retaining their distinct assessment behavior.
- **BR-PROG-013:** A Student shall progress through Lessons and Exams according to their defined order within the Month.
- **BR-PROG-014:** Completion of the current required educational item shall be required before the next item becomes accessible.
- **BR-PROG-015:** Previously completed educational items shall remain accessible to the Student.
- **BR-PROG-016:** Adding new Lessons or Exams to an existing Month shall not invalidate the completion state of previously completed items.
- **BR-PROG-017:** Adding new educational items shall affect Progress percentages because the total required content has changed.
- **BR-PROG-018:** Deactivating a Month's Subscription shall restrict access to the Month without deleting its existing Progress.
- **BR-PROG-019:** Reactivating a Month's Subscription shall restore access to the Student's previously preserved Progress.
- **BR-PROG-020:** Deleting educational content shall remove the Progress and related Score data associated with that content.
- **BR-PROG-021:** A Student's Level shall not be manually assigned or modified through Profile or Progress management.
- **BR-PROG-022:** The Student's Level shall be determined automatically from the Student's Points.
- **BR-PROG-023:** Students with equal Points shall have the same Level.

Rules Governing Educational Process

- **BR-EDU-001:** Educational Content shall be organized into Educational Stages, Months, Lessons, and Exams.
- **BR-EDU-002:** Each Month shall belong to one Educational Stage.

- **BR-EDU-003:** Each Lesson or Exam shall belong to one Month.
- **BR-EDU-004:** Lessons and Exams shall share the same sequential order within a Month.
- **BR-EDU-005:** The order defined for Lessons and Exams shall determine the Student's educational sequence.
- **BR-EDU-006:** A Student shall only access the educational content of a Month when the Month is activated for that Student.
- **BR-EDU-007:** A Student shall be allowed to browse Educational Stages and Months without having access to their educational content.
- **BR-EDU-008:** The Student shall complete the current required educational item before accessing the next item in the sequence.
- **BR-EDU-009:** Previously completed Lessons and Exams shall remain accessible to the Student.
- **BR-EDU-010:** A regular Lesson shall contain a Video, Written Explanation, and Homework as its required educational components.
- **BR-EDU-011:** A regular Lesson shall not be considered completed until all of its required educational components have been completed.
- **BR-EDU-012:** Homework shall be mandatory for completing its associated regular Lesson.
- **BR-EDU-013:** Homework shall consist of Multiple Choice questions.
- **BR-EDU-014:** Exams shall be treated as Lessons within the educational sequence while maintaining their assessment-specific behavior.
- **BR-EDU-015:** An Exam shall require a minimum score of 50% to be considered passed.
- **BR-EDU-016:** Students shall be allowed to retake Exams.
- **BR-EDU-017:** When an Exam is attempted multiple times, the highest achieved Score shall be retained as the Student's Score for that Exam.
- **BR-EDU-018:** When Homework is attempted multiple times, the highest achieved Score shall be retained as the Student's Score for that Homework.
- **BR-EDU-019:** Each correct Exam answer shall contribute one Point to the Exam Score.
- **BR-EDU-020:** Each correct Homework answer shall contribute one Point to the Homework Score.
- **BR-EDU-021:** A Lesson Video shall contribute 10 Points when viewed.
- **BR-EDU-022:** A Lesson Written Explanation shall contribute 10 Points when read.

- **BR-EDU-023:** Video and Written Explanation Points shall be awarded only once for each Lesson.
- **BR-EDU-024:** Deleting a Lesson shall remove all educational, Progress, and Score data associated with that Lesson.
- **BR-EDU-025:** Deleting an Exam shall remove its associated Progress and Score data.
- **BR-EDU-026:** Editing an Exam shall not alter previously recorded Exam results.
- **BR-EDU-027:** The Teacher shall be solely responsible for creating and managing Educational Content.
- **BR-EDU-028:** The Administrator shall not manage Educational Content.

Rules Governing Scores & Leaderboard

- **BR-SCORE-001:** A Student's Total Points shall represent the sum of Points earned from all applicable educational activities.
- **BR-SCORE-002:** Viewing a Lesson Video shall award 10 Points once for that Lesson.
- **BR-SCORE-003:** Reading a Lesson Written Explanation shall award 10 Points once for that Lesson.
- **BR-SCORE-004:** Each correct Homework answer shall contribute one Point to the Homework Score.
- **BR-SCORE-005:** Each correct Exam answer shall contribute one Point to the Exam Score.
- **BR-SCORE-006:** When Homework is attempted multiple times, the highest achieved Score shall be used.
- **BR-SCORE-007:** When an Exam is attempted multiple times, the highest achieved Score shall be used.
- **BR-SCORE-008:** A Student's Level shall be determined automatically according to the Student's Points.
- **BR-SCORE-009:** Students with the same number of Points shall have the same Level.
- **BR-SCORE-010:** The Student's Level shall be updated automatically when the applicable Points change.
- **BR-SCORE-011:** The Level shall be determined based on the Points of Students within the applicable scope.

- **BR-SCORE-012:** The Educational Stage Level shall be determined according to the Student's position among Students within the same Educational Stage.
- **BR-SCORE-013:** The Platform Level shall be determined according to the Student's position among Students across the entire platform.
- **BR-SCORE-014:** No user shall manually assign or modify a Student's Level.
- **BR-SCORE-015:** The Educational Stage Leaderboard shall rank Students within the same Educational Stage according to Total Points.
- **BR-SCORE-016:** The Platform Leaderboard shall rank all Students across the platform according to Total Points.
- **BR-SCORE-017:** The Educational Stage Leaderboard shall display the Top 10 Students.
- **BR-SCORE-018:** The Platform Leaderboard shall display the Top 5 Students.
- **BR-SCORE-019:** Students with equal Total Points shall have equal standing for Level determination, with no additional tie-breaking rule.
- **BR-SCORE-020:** The Leaderboard shall represent the current ranking only and shall not maintain historical rankings.
- **BR-SCORE-021:** Leaderboard rankings shall be updated automatically when Student Points change.
- **BR-SCORE-022:** A Student who is outside the Top 10 of their Educational Stage shall be able to view their own current position within that Educational Stage.
- **BR-SCORE-023:** Only Students shall be ranked in the Leaderboard.
- **BR-SCORE-024:** Students, Teachers, and Administrators shall be able to view the Leaderboard.
- **BR-SCORE-025:** When a Student changes Educational Stage, their accumulated Points shall be reset.
- **BR-SCORE-026:** Resetting a Student's Points shall reset the Student's Level according to the new Points.
- **BR-SCORE-027:** Resetting a Student's Points shall update their Leaderboard position accordingly.
- **BR-SCORE-028:** Deleting educational content shall remove the Points and Scores associated with that content from the Student's Total Points.

Rules Governing Subscriptions

- **BR-SUB-001:** Each Subscription shall be associated with exactly one Student and one Month.
- **BR-SUB-002:** A Student may have active Subscriptions for multiple Months.
- **BR-SUB-003:** A Student may request a Subscription for a Month regardless of whether the Student has an active Subscription for another Month.
- **BR-SUB-004:** A Subscription shall provide access to its associated Month only while its status is Active.
- **BR-SUB-005:** A Month shall remain inaccessible to a Student when its associated Subscription is Inactive.
- **BR-SUB-006:** A Student shall be allowed to view the basic information of a Month without having an Active Subscription for that Month.
- **BR-SUB-007:** A Subscription shall have only two statuses: Active and Inactive.
- **BR-SUB-008:** A Subscription shall not expire automatically based on time.
- **BR-SUB-009:** An Active Subscription shall remain active indefinitely unless it is deactivated by the Administrator.
- **BR-SUB-010:** Payment confirmation shall be performed by the Administrator.
- **BR-SUB-011:** A Subscription associated with a confirmed payment shall be activated according to the applicable system rules.
- **BR-SUB-012:** Activation of a Subscription shall grant the Student access to the associated Month.
- **BR-SUB-013:** Deactivation of a Subscription shall remove the Student's access to the associated Month without deleting the associated educational data.
- **BR-SUB-014:** Deactivation of a Subscription shall preserve the Student's Progress within the associated Month.
- **BR-SUB-015:** Deactivation of a Subscription shall preserve the Student's Scores and Points associated with the associated Month.
- **BR-SUB-016:** Reactivation of a previously deactivated Subscription shall restore access to the preserved Month data.
- **BR-SUB-017:** Reactivation of a Subscription shall not reset the Student's Progress, Scores, or Points.
- **BR-SUB-018:** The Administrator may create a Subscription directly for a Student.

- **BR-SUB-019:** The Administrator may activate or deactivate a Student's Subscription.
- **BR-SUB-020:** The Administrator may modify the data of an existing Subscription.
- **BR-SUB-021:** The Administrator may reject a Subscription Request.
- **BR-SUB-022:** A Student's Subscription Request shall identify the Student, the requested Month, and the Payment Receipt.
- **BR-SUB-023:** The Price of a Month shall be defined as part of the Month's data.
- **BR-SUB-024:** The Subscription process shall not include a Renewal operation.
- **BR-SUB-025:** An Active Subscription shall not require renewal to remain active.
- **BR-SUB-026:** Subscription-related inquiries and support requests shall be handled through the Follow-up functionality.

Rules Governing Follow-up

- **BR-FOLLOW-001:** Follow-up and Support shall represent the same functionality within the platform.
- **BR-FOLLOW-002:** A Follow-up Request shall be associated with exactly one Student.
- **BR-FOLLOW-003:** Each Follow-up Request shall have a unique Request ID.
- **BR-FOLLOW-004:** A Follow-up Request shall contain a Student ID, Title, Body, Status, Created At, and Updated At.
- **BR-FOLLOW-005:** A Student may create multiple Follow-up Requests.
- **BR-FOLLOW-006:** A Student may delete their own Follow-up Request.
- **BR-FOLLOW-007:** A Follow-up Request shall have one of the following statuses: Pending, In Progress, Under Review, or Resolved.
- **BR-FOLLOW-008:** Only the Administrator shall be responsible for changing the status of a Follow-up Request.
- **BR-FOLLOW-009:** A Student shall not be allowed to change the status of a Follow-up Request.
- **BR-FOLLOW-010:** The Administrator shall be responsible for managing all Follow-up Requests.
- **BR-FOLLOW-011:** Follow-up Requests shall be ordered chronologically from oldest to newest according to their creation date and time.
- **BR-FOLLOW-012:** Follow-up Requests shall remain stored after being resolved.

- **BR-FOLLOW-013:** The Administrator may delete Follow-up Requests.
- **BR-FOLLOW-014:** Follow-up communication shall take place through WhatsApp rather than through an internal messaging system.
- **BR-FOLLOW-015:** A Follow-up Request shall not contain an internal multi-message conversation.
- **BR-FOLLOW-016:** Students shall be able to view their own Follow-up Requests and their current statuses.
- **BR-FOLLOW-017:** The Administrator shall be able to view and manage Follow-up Requests submitted by all Students.
- **BR-FOLLOW-018:** Subscription-related inquiries and support requests shall be handled through the Follow-up functionality.
- **BR-FOLLOW-019:** The Teacher shall have no responsibility or management authority over Follow-up Requests.

5. System Scope

In Scope

The following capabilities and components are within the current scope of the RUQI platform:

Platform

- Web Platform.
- Student, Teacher, and Administrator user roles.
- Platform functionality defined within the six primary functional areas.

Authentication & Authorization

- Student Registration.
- Email Verification.
- Login and Logout.
- Password Change.
- Password Reset.
- Account Status Management.
- Role-Based Authorization.
- Access and Refresh Token-based authentication.
- Authentication-related configuration and secrets management.
- Email-related authentication functionality using the selected email service.

Profiles & Progress

- Student Profile Management.
- Student Account Data Management.
- Educational Stage association.
- Student Progress Tracking.
- Month Progress.
- Lesson Progress.
- Exam Progress.
- Automatic Progress Calculation.
- Progress preservation according to the defined platform rules.

Educational Content

- Educational Stage Management.
- Month Management.
- Lesson Management.
- Exam Management.
- Content ordering and sequencing.
- Homework management.
- Exam question and answer management.
- Educational Content access control according to the defined Subscription and Progress rules.
- Teacher Content Management functionality.

The actual educational material and content itself are outside the project scope.

Scores & Leaderboard

- Point Calculation.
- Homework Scores.
- Exam Scores.
- Lesson-related Points.
- Total Points.
- Automatic Level Calculation.
- Educational Stage Leaderboard.
- Platform Leaderboard.
- Current Student Ranking.

Subscriptions

- Month Subscription Management.
- Subscription Requests.
- Subscription Status Management.
- Payment Receipt submission.
- Administrator Payment Confirmation.
- Subscription Activation and Deactivation.
- Subscription access control.
- Subscription data management.

Direct Payment Processing and Payment Gateway integration are outside the platform scope.

Follow-up

- Follow-up Request Creation.
- Follow-up Request Management.
- Follow-up Request Status Management.
- Student Follow-up Request Tracking.
- Administrator Follow-up Management.
- Follow-up Request History.
- WhatsApp-based communication for Follow-up.

The actual WhatsApp conversation is outside the platform scope.

External Services

The platform may use the following external services within its defined functionality:

- Firebase for email-related authentication functionality, including Email Verification and Password Reset.
- YouTube for educational video content.

The external services themselves and their internal functionality are outside the RUQI platform scope.

Out of Scope

The following are currently outside the scope of the RUQI platform:

- Mobile Application.
- Direct Payment Gateway Integration.
- Direct Payment Processing.
- Payment Processing through Vodafone Cash or InstaPay inside the platform.
- Internal WhatsApp Conversation System.
- Internal Chat or Messaging System.
- Educational Content Production.
- Educational Material Creation.
- Additional user roles beyond Student, Teacher, and Administrator.
- Multiple Teachers.
- Live Classes.
- Video Conferencing.
- Certificates.
- AI-based Features.
- Parent Accounts.
- Additional Gamification Features beyond Points, Levels, and Leaderboard.
- Advanced Analytics and Reporting beyond the defined Progress, Scores, Levels, and Leaderboard functionality.
- Any functionality not explicitly defined within the current project requirements.

6. Requirements Constraints & Assumptions

Confirmed Constraints

- **RC-001:** The RUQI platform shall be Web-only in the current project scope.
- **RC-002:** The platform shall have one Teacher at the platform level.
- **RC-003:** The Administrator shall be responsible for Student Management, Subscription Management, and Follow-up Management.
- **RC-004:** The actual educational content and material shall be provided externally; the platform shall provide Educational Content Management functionality.
- **RC-005:** Direct Payment Processing shall not be implemented within the platform. The payment process shall depend on Payment Receipt submission and Administrator confirmation.
- **RC-006:** Follow-up communication shall take place through WhatsApp and shall not be implemented as an internal messaging system.
- **RC-007:** Subscriptions shall not have an automatic expiration or Renewal mechanism.
- **RC-008:** The platform shall support only three user roles: Student, Teacher, and Administrator.
- **RC-009:** The platform scope shall remain limited to the functionality explicitly defined in the current Requirements.

Confirmed Assumptions

- **RA-001:** Email OTP functionality for Email Verification and Forgot Password shall use the selected external email service.
- **RA-002:** YouTube shall be used for hosting and delivering educational video content.
- **RA-003:** Vodafone Cash and InstaPay shall be the currently supported payment methods.

Dependencies

- **DEP-001 — Firebase:** The platform depends on Firebase for Email OTP functionality, including Email Verification and Forgot Password.
- **DEP-002 — YouTube:** The platform depends on YouTube for educational video content.
- **DEP-003 — WhatsApp:** The platform depends on WhatsApp for Follow-up communication and payment-related communication.
- **DEP-004 — Vodafone Cash:** The payment process depends on Vodafone Cash as a supported payment method.
- **DEP-005 — InstaPay:** The payment process depends on InstaPay as a supported payment method.
